Legend:

- Land Occupation 1992
- Commercial Farming Operations
 - Informal (homesteads and buildings)
 - School

- Property Boundaries
- SA Lithium Mining Right (Registered)
 - Farm Portion Inside Mining Right
 - Parent Farm

Methodology and Notes:

The analysis is based on aerial imagery captured on 21 August 1992, sourced from CD: NGI, with a spatial resolution of approximately 3 metres. The imagery was georeferenced and interpreted to identify visible signs of land occupation, including homesteads, buildings, schools, and other occupied areas, to assist in answering Trigger Question A6.
